\*\*\*\*\*The Light Goose Conservation Order is a special opportunity designed to reduce the population of overpopulated snow, blue, and Ross's geese when no other waterfowl seasons are open. This order allows for expanded methods of take that are not allowed during regular waterfowl seasons.

To participate in the Light Goose Conservation Order, hunters need a valid Mississippi hunting license, state waterfowl stamp, and a free Light Goose Conservation Order permit number. Hunters can obtain the permit number by visiting [www.mdwfp.com/waterfowl](http://www.mdwfp.com/waterfowl).

**Light Goose Conservation Order Methods:**

Shooting hours are from ½ hour before sunrise to ½ hour after sunset.

Only snow, blue, and Ross's geese are eligible for harvest.

The use of electronic calls is allowed.

The use of unplugged shotguns is allowed.

There is no daily or possession limit for snow, blue, or Ross's geese.

Hunters must use non-toxic shot.

Hunters must possess a Mississippi hunting license and a Mississippi state waterfowl stamp.

Hunters do not need a federal waterfowl stamp.
