This permit is required in addition to the daily visitor use permit and any required license and may be purchased wherever licenses are sold.

CLOSED AREA: The Waterfowl Sanctuary, enclosed by the East Sanctuary Road on the east, Anderson Tully Road on the south and the main levee on the west, is closed to hunting and scouting.

BAG LIMITS: Same as statewide bag limits except that during permit hunts on deer the legal buck bag limit is one per hunt.

PERMIT STATIONS: All visitors must obtain a DAILY VISITOR USE PERMIT card from a self-service permit station. Parts A and B of this permit must be legibly filled out before using the WMA. Part A of the permit must be deposited in the return box at a permit station before using the WMA. Part B must be displayed on the dash of the vehicle so that the name, address, and date are visible from outside the vehicle. Permits are invalid if not properly dated or if date has been changed. Before leaving the WMA, visitors must complete the reverse side of Part B of the permit by recording the number of animals harvested and deposit it in the return box at a permit station. It is the responsibility of the Area Manager and other Agency personnel to have permit cards completed. Daily visitor use permits must be turned in daily.

DEER DATA COLLECTION: All deer harvested must be checked at the WMA headquarters by the hunter who harvested them before leaving the WMA. If WMA personnel are not available to check the deer, the hunter is responsible for collecting and legibly recording ALL biological data. Instructions and equipment will be provided.

SPECIAL BUCK TAGS: For management purposes, a limited number of special buck tags which allow the harvest of 1 buck per year with at least one unforked antler will be available for hunters. It is the hunter’s responsibility to check on the availability of Special Buck Tags. If available, tags may be acquired at the WMA headquarters or at the self-service deer check station. After harvest of a qualifying buck, hunters must retrieve a tag and attach it to the buck before leaving the WMA. An unforked antler is defined as: a main beam with no other points or broken points.

WILD HOGS: Wild hogs are classified as nuisance animals and hunters are encouraged to kill them at every lawful opportunity. The opportunity to kill hogs on WMAs is provided only for population control purposes and not for sport.
