The merganser daily bag limit is a total of 5 mergansers, only 2 of which may be hooded mergansers.

The coot daily bag limit is a total of 15 coots.

The possession limit is three times the daily bag limit for ducks, mergansers, and coots.

Shooting hours for all migratory game birds are from one-half hour before sunrise to sunset, except for the Light Goose Conservation Order (see below).

*****The Light Goose Conservation Order is a special opportunity designed to reduce the population of overpopulated snow, blue, and Ross’s geese when no other waterfowl seasons are open. This order allows for expanded methods of take that are not allowed during regular waterfowl seasons.

To participate in the Light Goose Conservation Order, hunters need a valid Mississippi hunting license, state waterfowl stamp, and a free Light Goose Conservation Order permit number. Hunters can obtain the permit number by visiting www.mdwfp.com/waterfowl.

Light Goose Conservation Order Methods:

Shooting hours are from ½ hour before sunrise to ½ hour after sunset.

Only snow, blue, and Ross’s geese are eligible for harvest.

The use of electronic calls is allowed.

The use of unplugged shotguns is allowed.

There is no daily or possession limit for snow, blue, or Ross’s geese.

Hunters must use non-toxic shot.

Hunters must possess a Mississippi hunting license and a Mississippi state waterfowl stamp.

Hunters do not need a federal waterfowl stamp for the light goose conservation order.
