Howard Miller WMA Waterfowl Draw Hunting Procedures

• Hunt days are Tuesdays, Thursdays, and Saturdays
• All reservation positions are allocated for each day before each hunt through an online draw
• Stand-by hunters can show up the morning of a hunt to fill any vacancies left by reservation holders
• All reservations are for a 1-day hunt
• Reservation holders draw numbers first from numbered dowels that represent the number of reservation holders present for the day
• After reservation holders draw, dowels are added until there are enough dowels for all stand-by parties to draw
• Reservation holders then select their hunting positions starting with the lowest number first
• Stand-by hunters will then select from the remaining hunting positions starting with the lowest number first
• Draw Time: 5:00am
• If reservation holders fail to check in by 5:00am, they risk losing their spot to another hunting party if all hunting positions are filled
• Shooting time ends at 12:00 noon
• Guests: 3 (Total party of 4)
