APPLICANT'S SIGNATURE: _____ **DATE:** _____

Enclosure (fox/coyote) owners are ultimately responsible for the humane of all animals found inside their enclosures. Hunting enclosures shall contain one escape area for each 40 acres in the enclosure areas which are hound proof. These may be provided by maintaining thickets, brush piles, windrows or where natural cover is insufficient, by providing manmade escapes such as culverts or hound proof feeding stations.

Enclosure owners shall be required to make available to the animals in the enclosures:

1. Food that is palatable, uncontaminated and nutritionally adequate to ensure normal growth and maintenance
2. Water which is fresh, uncontaminated and available at all times

Enclosure (fox/coyote) operators must keep a record of all animals purchased. Such records shall include:

1. Number of animals purchased
2. Name and address of person selling animals
3. Dates of each transaction

A copy of this record must accompany any renewal application. All records and enclosures shall be available and open for inspection by a representative of the DWFP at all times.

No person shall import any wild animal or wild bird of a species indigenous to the state of MS into the state without first obtaining a permit issued by the DWFP as provided herein: Applications are available and must be submitted to the Commission no less than 30 days prior to any importation of such animals. Enclosure permits are valid for 1 year from date of purchase.
