2026 / 2027 CWD Drop-off Freezers
Freezer Locations
July 2026

2026–2027 Statewide Sample Drop-Off Sites

MDWFP has established collection sites across the state for the general public to deposit deer heads for testing. All season long, freezers will be at each site for depositing deer heads.

Hunters should preserve the head with at least 6 inches of neck attached. Antlers and skull plate may be removed without affecting the lymph nodes used for testing. If antlers are not removed, they cannot be returned to the hunter.
